

Value of books

Books are a delightful society. If you go into a room filled with books even without taking them down from the shelves, they seem to speak to you, seem to welcome you, seem to tell you that they have something inside their covers that will be good for you and that they are willing to impart it to you. Value them and Endeavour to turn them to good account. As to the books which you should read there is hardly anything definite that can be said. Any good book, that is wiser than yourself, will teach you something a great many things directly or indirectly. If your mind be open to inquiry, the very wish and curiosity, you have to read it, indicate that you are a person who likes to get good out of it.
