Dear Sir/Madam

As you are well aware that many of our soldiers laid down their lives in protecting and safeguarding our territory during the Kargil War. They died so that we may live peacefully and respectfully. Whatever we can do for the families of these martyrs will just be a token of our gratitude in honour of these martyrs. You have been kind enough to support whole heartedly in such a cause in the past, and we expect your support again this time in the name of martyrs who sacrificed their lives for our beloved motherland. May I appeal to you to donate generously and whole heartedly for this noble cause? The trust has set a goal to help each and every war widow with Rs. One Lakh at least.

I expect your generous support and donations as a token of your gratitude towards the families of the martyrs.
