It works from nine in the morning till five in the evening. It has the open shelf system. They can issue 4 books at a time and allow to keep them for a week. The librarian and the staff are very cooperative. There is a huge reading room. Where at least 70 students can sit comfortably. All the magazines and newspapers are kept here. There is complete silence in our library. All the student enjoy sitting in the library and reading different books in the spare time.
