

SOCIAL SCIENCE

SUBJECT CODE - C4

Class - X

Introduction : Social Science encompasses diverse concerns of our environment and society. It covers a wide range of content drawn from Geography, History, Political Science and Economics. The perspectives of Social Science help the young learners to build the Knowledge base for a just and peaceful society. Moreover, knowledge of Social Science is essential for the young learners to grow up as conscious and responsible citizens who can contribute significantly towards the socio-economic and political development of our country.

Social Science generates in minds of the students a strong sense of human values like trust, toleration, help and cooperation, mutual respect and respect for diversity. It also stimulates moral and mental energy in students and makes them fit to face the future challenges in their lives. Another positive aspect of the subject is to develop national integration and international brotherhood and the spirit of love and respect for the country.

It is expected that students in the Secondary stage will acquire primary knowledge and skills to have a balanced personality which will help them in solving the critical socio-economic and cultural problems which they will find in the contemporary world.

General Objectives of Social Science :

1. To develop in learners awareness to understand the diverse life experiences of different people and communities living in the society under varied socio-economic background.
2. To develop the ability to study contemporary problems of the Indian society in its historical perspective.
3. To develop awarness of variations and changes that occur

- in our physical and social environment over time and space.
4. To develop skills and attitude essential for good citizens so that they can contribute in nation building as well as in social development.
 5. To strengthen national integration in its proper perspective establishing linkages of regional History and Geography with national History and Geography.
 6. To develop understanding in learners that contribute to build a society based on values of peace, love, equality and secularism.
 7. To appreciate that dignity of individuals and respect for Human Rights constitute the basis of a democratic social life and these are essential for the development of our society and the nation.
 8. To recognize the role of India for promoting peace and international understanding and to develop the spirit of international cooperation.

Special Objectives :

History :

1. To promote understanding in learners about the political, socio-economic and cultural life of the people of India since the rule of the Mughals.
2. To develop the ability to study contemporary problems of the Indian society in its historical perspective.
3. To acquaint the learners with the sources of acquiring knowledge of History and to create awareness among them to preserve historical monuments, archaeological sites, artifacts, literary and oral sources.
4. To know about the political development of Assam, its relationship with India and her contribution to India's Freedom Movement.
5. To develop appreciation on the growth of various

components of Indian culture and legitimate pride on the achievements of Indian people in different parts of the country.

6. To promote understanding about the cultural heritage of India and the North East.

Geography :

1. To acquaint the learners with diverse natural and social environment sequentially at local, regional and global levels.
2. To acquaint the learners with the interdependence of various regions/states in terms of resource, population, transport and communication etc.
3. To develop in learners the skill of map reading and map drawing which will encourage them to draw maps, sketches etc. as per requirement.
4. To help the learners in acquiring understanding about the existing and emerging development of environment in their natural and social settings.
5. To inculcate in the minds of the learners a sense of belongingness to the elements of nature and man-made environments and their conservation.

Political Science :

1. To foster an urge among learners for effective participation in community affairs.
2. To acquaint the students with the functioning of various political institutions at the Centre and the States.
3. To help the pupils in realising the importance of Human Right and Consumers' Rights.
4. To help the learners in appreciating the role and contribution of India and the UNO in promoting world peace.

Economics :

1. To acquaint the students with those elementary concepts of Economics which are related to the understanding of the day-to-day economic activities and current economic problems.
2. To introduce the students with various economic activities undertaken by the people in their geographical and social environment.
3. To acquaint the learners with the preliminary knowledge of Economic Planning in the context of the national as well as state economy.
4. To enable the learners to understand the main economic challenges faced by the people and the country and government endeavours for their solution.

Distributions of marks and periods allotted to each of the four components of History, Geography Political Science and Economics :

Components	Marks	Periods
