

Classification

Everything on the earth or in the universe is related to one another. In this lesson we will learn to classify things. Below are given examples to develop your understanding about classification.

1. Pick the odd one out:

- (a) Deluge
- (b) Calamity
- (c) Catastrophe
- (d) War
- (e) None of these

Ans.: (d) All others are nature-bound. Only war is man-made.

2. Pick the odd one out:

- (a) Rabbit
- (b) Crocodile
- (c) Earthworm
- (d) Snail
- (e) None of these

Ans.: (a) All others are crawling animals.

3. Pick the odd one out:

- (a) Polo
- (b) Chess
- (c) Ludo
- (d) Squash
- (e) None of these

Ans.: (a) All others are indoor games.

4. Pick the odd one out:

- (a) Spinach
- (b) Potato
- (c) Carrot
- (d) Ginger
- (e) None of these

Ans.: (a) All others are underground vegetables.
