

# Quantifiers

---

## Fundamentals

- Few, a few, the few, little, a little, the little are quantifiers.
- 'Few' is a countable noun.
- 'Little' is an uncountable noun 'Few' means almost none.
- 'A few' means 'some, but not many'.
- 'The few' means 'not many, but all of that'.
- 'Little' means no amount.
- 'A little' means 'some but not much'.
- 'The little' means 'not much, but all of that'.

## Presentation

I have written a few story books. In my stories you find the little about fantasy and mystery.

Few story books are selected for school library and a few are selected for Inter school story writing competition.

But I won an award for the story which talked a little about mystery and little about fantasy. I observed that people enjoy to read the little mystery at the climax of the story.
