सामान्य निर्देशः

निम्नलिखित निर्देशों को बहुत सावधानी से पढ़िए और उनका सख़्ती से पालन कीजिए :

- (i) इस प्रश्न-पत्र में 34 प्रश्न हैं । सभी प्रश्न अनिवार्य हैं ।
- (ii) यह प्रश्न-पत्र दो खण्डों में विभाजित है :
 खण्ड क समष्टि अर्थशास्त्र
 खण्ड ख भारतीय आर्थिक विकास
- (iii) इस प्रश्न-पत्र में एक-एक अंक के 20 बहुविकल्पीय प्रश्न हैं ।
- (iv) इस प्रश्न-पत्र में तीन-तीन अंकों के 4 लघु-उत्तरीय प्रकार-I के प्रश्न हैं जिनके उत्तर 60 से 80 शब्दों में लिखे जाने चाहिए ।
- (v) इस प्रश्न-पत्र में चार-चार अंकों के 6 लघु-उत्तरीय प्रकार-II के प्रश्न हैं जिनके उत्तर 80 से 100 शब्दों में लिखे जाने चाहिए ।
- (vi) इस प्रश्न-पत्र में **छ:-छ:** अंकों के **4** दीर्घ-उत्तरीय प्रकार के प्रश्न हैं जिनके उत्तर 100 से 150 शब्दों में लिखे जाने चाहिए ।
- (vii) प्रत्येक प्रश्न के सभी भागों के उत्तर एक साथ लिखे जाने चाहिए ।

खण्ड क समष्टि अर्थशास्त्र

- 1. निम्नलिखित कथनों को ध्यानपूर्वक पढ़िए :
 - *कथन 1 :* कर एक वैधानिक अनिवार्य भुगतान है।
 - *कथन 2 :* प्रत्यक्ष कर सरकार के लिए पूँजीगत प्राप्ति है।

दिए गए कथनों के आलोक में, निम्नलिखित में से सही विकल्प का चयन कीजिए :

- (a) कथन 1 और 2 दोनों सत्य हैं।
- (b) कथन 1 और 2 दोनों असत्य हैं।
- (c) कथन 1 सत्य है और कथन 2 असत्य है।
- (d) कथन 1 असत्य है और कथन 2 सत्य है।

58/C/2

2

General Instructions :

Read the following instructions carefully and strictly follow them :

- (i) This question paper contains **34** questions. All questions are compulsory.
- (ii) This question paper contains two Sections :
 Section A Macro Economics
 Section B Indian Economic Development
- (iii) This paper contains 20 Multiple Choice Questions Type questions of 1 mark each.
- (iv) This paper contains 4 Short Answer Questions Type-I questions of 3 marks each to be answered in 60 to 80 words.
- (v) This paper contains **6** Short Answer Questions Type-II questions of **4** marks each to be answered in 80 to 100 words.
- (vi) This paper contains 4 Long Answer Questions Type questions of 6 marks each to be answered in 100 to 150 words.
- (vii) Attempt all parts of a question together.

SECTION A

Macro Economics

1. Read the following statements carefully :

Statement 1 : Tax is a legally compulsory payment.

Statement 2 : Direct taxes are capital receipts of the government.

In light of the given statements, choose the correct alternative from the following :

- (a) Both Statements 1 and 2 are true.
- (b) Both Statements 1 and 2 are false.
- (c) Statement 1 is true and Statement 2 is false.
- (d) Statement 1 is false and Statement 2 is true.

5. निम्नलिखित कथनों को पढ़िए : अभिकथन (A) और कारण (R) । नीचे दिए गए विकल्पों में से सही विकल्प चुनिए :

1

अभिकथन (A) : ऋण वसूली सरकार के लिए एक राजस्व प्राप्ति है। कारण (R) : ऋण वसूली से सरकार की वित्तीय परिसंपत्तियों में कमी आती है। विकल्प :

- (a) अभिकथन (A) और कारण (R) दोनों सत्य हैं और कारण (R) अभिकथन (A) की सही व्याख्या करता है।
- (b) अभिकथन (A) और कारण (R) दोनों सत्य हैं, लेकिन कारण (R) अभिकथन (A) की सही व्याख्या **नहीं** करता है।
- (c) अभिकथन (A) सत्य है, लेकिन कारण (R) असत्य है।
- (d) अभिकथन (A) असत्य है, लेकिन कारण (R) सत्य है।

दी गई आकृति में, अंतराल 'EF' क्या प्रदर्शित करता है ?

(सही विकल्प का चयन कीजिए) 1

- (a) अवस्फीतिकारी अंतराल
- (b) स्फीतिकारी अंतराल
- (c) अधिमाँग
- (d) पूर्ण रोज़गार संतुलन

केवल दृष्टिबाधित परीक्षार्थियों के लिए :

यदि किसी अर्थव्यवस्था में वास्तविक समग्र माँग, पूर्ण रोज़गार स्तर को बनाए रखने के लिए आवश्यक माँग से कम हो, तो ऐसी स्थिति को ______ के नाम से जाना जाता है।

(रिक्त स्थान भरने के लिए सही विकल्प का चयन कीजिए) 1

- (a) अवस्फीतिकारी अंतराल
- (b) स्फीतिकारी अंतराल
- (c) अधिमाँग
- (d) पूर्ण रोज़गार संतुलन

58/C/2

副 第23

5. Read the following statements : Assertion (A) and Reason (R). Choose the correct alternative from those given below :

Assertion (A): Recovery of loans is a revenue receipt for the government.

Reason(R): Recovery of loans leads to decline in financial assets of the government.

Alternatives :

6.

- (a) Both Assertion (A) and Reason (R) are true and Reason (R) is the correct explanation of the Assertion (A).
- (b) Both Assertion (A) and Reason (R) are true, but Reason (R) is *not* the correct explanation of the Assertion (A).
- (c) Assertion (A) is true, but Reason (R) is false.
- (d) Assertion (A) is false, but Reason (R) is true.

In the given figure, what does the gap 'EF' represent ?

(Choose the correct alternative) 1

- (a) Deflationary gap
- (b) Inflationary gap
- (c) Excess demand
- (d) Full employment equilibrium

For Visually Impaired Candidates Only :

If in an economy, actual aggregate demand falls short of demand required to maintain the full employment level, such a situation would be known as ______. (Choose the correct alternative to fill up the blank) 1

- (a) Deflationary gap
- (b) Inflationary gap
- (c) Excess demand
- (d) Full employment equilibrium

- 22. भारत में महिला शिक्षा के संबंध में निम्नलिखित में से कौन-सा कथन असत्य है?
 - (a) शिक्षा आर्थिक स्वतंत्रता में सुधार करने में सहायक होती है।
 - (b) शिक्षा परिवार कल्याण कार्यक्रमों को प्रोत्साहित करने में सहायक होती है।
 - (c) शिक्षा महिलाओं को अपने स्वास्थ्य की देखभाल करने में सक्षम बनाती है।
 - (d) मानव संसाधन की अनुचित योजना, मानव पूँजी निर्माण में सुधार करती है।
- 23. (i) निम्नलिखित कथनों को पढ़िए : अभिकथन (A) और कारण (R) । नीचे दिए गए विकल्पों में से सही विकल्प चुनिए :

अभिकथन (A) : चीन की जीवन प्रत्याशा विश्व में सर्वाधिक है।

कारण (R) : भारत में मातृ मृत्यु-दर चीन की तुलना में अधिक है।

विकल्प :

- (a) अभिकथन (A) और कारण (R) दोनों सत्य हैं और कारण (R) अभिकथन (A) की सही
 व्याख्या करता है।
- (b) अभिकथन (A) और कारण (R) दोनों सत्य हैं, लेकिन कारण (R) अभिकथन (A) की सही व्याख्या **नहीं** करता है।
- (c) अभिकथन (A) सत्य है, लेकिन कारण (R) असत्य है।
- (d) अभिकथन (A) असत्य है, लेकिन कारण (R) सत्य है।

अथवा

- (ii) चीन ने चरणबद्ध विधि में सुधार शुरू किए थे। दूसरे व तत्पश्चात चरणों में ______ क्षेत्र में
 सुधार शुरू किए गए थे।
 (रिक्त स्थान भरने के लिए सही विकल्प का चयन कीजिए) 1
 - (a) कृषि
 - (b) औद्योगिक
 - (c) विदेशी व्यापार
 - (d) जनसांख्यिकीय

16

58/C/2

- (a) Education helps to improve economic independence.
- (b) Education helps to promote family welfare programmes.
- (c) Education enables women to take care of their own health.
- (d) Inappropriate planning of human resource improves human capital formation.

23. (i) Read the following statements : Assertion (A) and Reason (R). Choose the correct alternative from those given below :

1

1

Assertion (A): China has the highest life expectancy in the world.

Reason (R) :	Maternal	Mortality	Rate	of	India	is	higher	than
	that of Ch	ina.						

Alternatives :

- (a) Both Assertion (A) and Reason (R) are true and Reason (R) is the correct explanation of the Assertion (A).
- (b) Both Assertion (A) and Reason (R) are true, but Reason (R) is *not* the correct explanation of the Assertion (A).
- (c) Assertion (A) is true, but Reason (R) is false.
- (d) Assertion (A) is false, but Reason (R) is true.

OR

(ii) In China, reforms were introduced in phased manner. In the second and later phases, reforms were introduced in _____ sector.

(Choose the correct alternative to fill up the blank) 1

- (a) Agriculture
- (b) Industrial
- (c) Foreign Trade
- (d) Demographic

Marking Scheme Strictly Confidential (For Internal and Restricted use only) Senior Secondary School Supplementary Examination, July- 2023 ECONOMICS (030) 58/C/2

Gene	eral Instructions: -
1	You are aware that evaluation is the most important process in the actual and correct
•	assessment of the candidates. A small mistake in evaluation may lead to serious
	problems which may affect the future of the candidates, education system and teaching
	profession. To avoid mistakes, it is requested that before starting evaluation, you must
	read and understand the spot evaluation guidelines carefully.
2	
2	"Evaluation policy is a confidential policy as it is related to the confidentiality of
	the examinations conducted, Evaluation done and several other aspects. Its'
	leakage to public in any manner could lead to derailment of the examination
	system and affect the life and future of millions of candidates. Sharing this
	policy/document to anyone, publishing in any magazine and printing in News
	Paper/Website etc may invite action under various rules of the Board and IPC."
3	Evaluation is to be done as per instructions provided in the Marking Scheme. It should
	not be done according to one's own interpretation or any other consideration. Marking
	Scheme should be strictly adhered to and religiously followed. However, while
	evaluating, answers which are based on latest information or knowledge and/or
	are innovative, they may be assessed for their correctness otherwise and due
	marks be awarded to them. In class-XII, while evaluating two competency-based
	questions, please try to understand given answer and even if reply is not from
	marking scheme but correct competency is enumerated by the candidate, due
	marks should be awarded.
4	The Marking scheme carries only suggested value points for the answers. These are in
•	the nature of Guidelines only and do not constitute the complete answer. The students
	can have their own expression and if the expression is correct, the due marks should be
	awarded accordingly.
5	The Head-Examiner must go through the first five answer books evaluated by each
5	evaluator on the first day, to ensure that evaluation has been carried out as per the
	instructions given in the Marking Scheme. If there is any variation, the same should be
	zero after delibration and discussion. The remaining answer books meant for evaluation
	shall be given only after ensuring that there is no significant variation in the marking of
	individual evaluators.
6	Evaluators will mark($$) wherever answer is correct. For wrong answer CROSS 'X" be
	marked. Evaluators will not put right () while evaluating which gives an impression that</td
	answer is correct and no marks are awarded. This is most common mistake which
	evaluators are committing.
7	If a question has parts, please award marks on the right-hand side for each part. Marks
	awarded for different parts of the question should then be totaled up and written in the
	left-hand margin and encircled. This may be followed strictly.
8	If a question does not have any parts, marks must be awarded in the left-hand margin
	and encircled. This may also be followed strictly.
9	If a student has attempted an extra question, answer of the question deserving more
•	marks should be retained and the other answer scored out with a note "Extra Question".
10	No marks to be deducted for the cumulative effect of an error. It should be penalized only
IU	
4.4	Once.
11	A full scale of marks80(example 0 to 80/70/60/50/40/30 marks as given in
	Question Paper) has to be used. Please do not hesitate to award full marks if the answer
	deserves it.

12	Every examiner has to necessarily do evaluation work for full working hours i.e., 8 hours every day and evaluate 20 answer books per day in main subjects and 25 answer books per day in other subjects (Details are given in Spot Guidelines).
13	 Ensure that you do not make the following common types of errors committed by the Examiner in the past:- Giving more marks for an answer than assigned to it. Wrong totaling of marks awarded on an answer. Wrong transfer of marks from the inside pages of the answer book to the title page. Leaving answer or part thereof unassessed in an answer book. Wrong totaling of marks of the two columns on the title page. Wrong grand total. Marks in words and figures not tallying/not same. Wrong transfer of marks from the answer book to online award list. Answers marked as correct, but marks not awarded. (Ensure that the right tick mark is correctly and clearly indicated. It should merely be a line. Same is with the X for incorrect answer.) Half or a part of answer marked correct and the rest as wrong, but no marks awarded.
14	While evaluating the answer books if the answer is found to be totally incorrect, it should be marked as cross (X) and awarded zero (0)Marks.
15	Any un assessed portion, non-carrying over of marks to the title page, or totaling error detected by the candidate shall damage the prestige of all the personnel engaged in the evaluation work as also of the Board. Hence, in order to uphold the prestige of all concerned, it is again reiterated that the instructions be followed meticulously and judiciously.
16	The Examiners should acquaint themselves with the guidelines given in the " Guidelines for spot Evaluation " before starting the actual evaluation.
17	Every Examiner shall also ensure that all the answers are evaluated, marks carried over to the title page, correctly totaled and written in figures and words.
18	The candidates are entitled to obtain photocopy of the Answer Book on request on payment of the prescribed processing fee. All Examiners/Additional Head Examiners/Head Examiners are once again reminded that they must ensure that evaluation is carried out strictly as per value points for each answer as given in the Marking Scheme.

			onomy to the rest of the world	
		– Net Indirect Taxes	f Fixed Capital 450 400	1
	Consur	3,500 = 5,000 - Consumption o nption of Fixed Capital = ₹ 650 crore	i Fixed Capital – 450 – 400	1 1⁄2
		OR		3
12.	State a	ny three precautions that are taken while	estimating national income by	
(B)	product	ion method.	-	

	Ans. Three precautions that are taken while estimating national income by	
	production method:	
	• Value of intermediate goods should not be included in the estimation of National Income, to avoid the problem of double counting (as their value has already been included in the value of final goods)	1
	• Imputed value of goods for self-consumption should be taken into consideration while estimating National Income, as it adds to the current flow of goods and services.	1
	• Sale and purchase of financial assets should not be included in the estimation of National Income, as such transactions are mere paper claims and do not lead to value addition.	1
	(Any other valid precaution to be allotted marks)	3
13.	Explain two sources of supply of foreign exchange.	3
	Ans. Two sources of supply of foreign exchange are:	
	• <u>Exports</u> : Exports of domestic goods and services to the rest of the world leads to an inflow of foreign currency. Thus, it is a source of supply of foreign exchange.	2
	 <u>Investments from abroad:</u> Investments made by the rest of the world result in inflow of foreign currency. Thus, it is a source of supply of foreign exchange. 	2
	(Any other valid argument/point/explanation to be allotted marks)	4
14. (A)	State the meaning of the following: (i) Investment multiplier	
(A)	(i) Full employment	
	Ans. (i) Investment multiplier is the ratio of the total change in final income to	2
	a given change in initial investment.	
	(ii) Full employment refers to a situation where all those who are willing and able to work at the prevailing wage rate, are getting work.	2
	OR	4
14.	Describe the adjustment mechanism, if ex-ante aggregate demand (AD) is less than ex-	
(B)	ante aggregate supply (AS). Ans. When ex-ante Aggregate Demand (AD) is less than ex-ante Aggregate Supply (AS), it means that households are planning to consume lesser than what the firms	
	expect them to. This may lead to the unintended accumulation of inventories.	4
	To bring back the inventories to the desired level, producers may reduce output (AS) till it becomes equal to the Aggregate Demand and there is no further	4
15	tendency to change. (To be marked as a whole)	
15.	From the following data about an economy, calculate: (a) Equilibrium level of national income	
	(b) Total consumption expenditure at equilibrium level of national income	
	(i) $C = 200 + 0.75 \text{ Y}$, where $C = \text{Consumption}$, $Y = \text{Income}$ (ii) Investment expenditure (I0) = ₹ 4,000 crore	
	Ans.	
	(a) Given, $C = 200 + 0.75 \text{ Y}$	
	Investment expenditure (Io) = ₹ 4,000 crore	

	A given lynewy that at a grid bright $V = C + 1$	1/-
	As we know that, at equilibrium; Y = C + I Y= (200 + 0.75 Y) + 4000	$\frac{1/2}{1/2}$
	$1 = (200 \pm 0.75 \text{ I}) \pm 4000$ 0.25Y = 4200	1/2
		12
	$Y = \frac{4200}{0.25}$	
	Y= ₹ 16,800 crore	1/2
	(b) Total consumption expenditure at equilibrium level of national income	, -
	$\mathbf{C} = \overline{\mathbf{c}} + \mathbf{b}\mathbf{Y}$	
	= 200 + 0.75 (16800)	1
	= 200 + 12600	1/2
	= ₹ 12,800 crore	1/2
		4
16.	 (a) Explain the significance of Unit of Account function of money. Ans. Money acts as a unit of account, as the value of all goods and services can be expressed in terms of money. The value of all goods and services in a country can be measured in a common denomination. Consequently, with the fluctuation in the price, it alters the purchasing power in the hands of the public facilitating smooth functioning in the economy. (To be marked as a whole) 	3
	 (b) How does change in margin requirements affect availability of credit in an economy? Explain briefly. Ans. Margin requirement refers to the difference between the amount of the loan and value of the security offered by the borrower against the loan. An increase in margin requirement implies a decrease in the amount of loan available on the security offered. Thus, it will lead to decline in the availability of credit in the economy and vice versa. (To be marked as a whole) 	3
		6
17.	(i) State the meaning of domestic income.	
(A)	Ans. Domestic Income is the sum total of income earned by the factors of production (wages, profits, rent, interest) within the domestic territory of a country, during an accounting year.	2
(A)	production (wages, profits, rent, interest) within the domestic territory of a	2
(A)	 production (wages, profits, rent, interest) within the domestic territory of a country, during an accounting year. (ii) Discuss briefly how distribution of income affects the welfare of an economy. Ans. Distribution of income is one of the limitations of using GDP as an index of welfare. A rise in Gross Domestic Product (GDP) may not benefit all sections of society in the same dimension. The benefit of increase in GDP may be concentrated in the hands of a few individuals while the majority of people may remain deprived of such benefits. This may lead to inequitable distribution of income. Hence, the welfare of the entire economy may not increase despite the increase in 	2

(To be marked as a whole) Elaborate any two ill-effects of Deforestation as depicted in the given picture. Loss of Biodiversity Increased Wildfires Increased Atmospheric CO ₂	3

	 Ans. Two ill-effects of deforestation are: Deforestation leads to loss of vegetation and biodiversity. Encroachment of forest land disturbs the natural habitat of various species of flora and fauna. Deforestation results in the breakdown of the normal functioning of the ecosystem. 	1 1⁄2
	• Large-scale cutting down of trees may lead to an increase in the amount of greenhouse gases such as carbon dioxide, methane, etc. in the atmosphere. Subsequently increasing the Earth's average temperature gradually i.e. Global Warming. (Any other valid argument/point/explanation to be allotted marks)	1 1⁄2
		3
30.	"Despite being the main occupation of about 85% of the country's population during British rule, agricultural sector continued to experience stagnation" Briefly explain any two reasons responsible for the backwardness of Indian agriculture on the eve of independence.	
	 Ans. Two reasons responsible for the backwardness of Indian agriculture on the eve of independence were: Land Settlement System: The colonial government introduced the Zamindari system. The zamindars used to exploit cultivators by extracting a major portion of the produce in the form of rent leading to misery among the farmers. 	2
	• <u>Lack of infrastructure facilities:</u> Lack of irrigation facilities and low levels of technology added up to aggravate the plight of the farmers and contributed to the dismal level of agricultural productivity.	2
31.	(Any other valid point to be allotted marks) Explain how 'expenditure on information' and 'expenditure on migration' acts as a	4
(A)	source of human capital formation. Ans. Expenditure to acquire information relating to labour and other markets is necessary to make decisions regarding investment in human capital. Information relating to job opportunities enables people to increase their earning potential. Thus, it is a major factor that influences human capital formation.	2
	Expenditure on migration is another important source of human capital formation. People migrate in search of better employment opportunities that may fetch them higher income. Technically qualified workforce migrate to other areas because of higher income and better opportunities.	2
	OR	4
31. (B)	Explain any two objectives behind providing more and more institutional credit to farmers.Ans. Two objectives behind providing more and more institutional credit to	
	farmers:Moneylenders and traders might exploit small and marginal farmers and	2
	 Indication of the state of the stat	2
	manipulating their accounts.	
32.	(Any other valid objective to be allotted marks) Critically appraise the developmental journey of Pakistan since 1947.	4
J 4 .	Ans. Pakistan followed the mixed economy model with the co-existence of public and private sectors. Pakistan adopted the import substitution policy, to protect its domestic industries.	
	The agrarian structure of the economy was altered by the Green Revolution. In the 1970s, nationalisation of capital goods industries was undertaken, whereas this policy was reversed in the late 1970s and 1980s.	4

	Economic reforms were introduced in 1988, however, political instability and overdependency on remittances led to a fall in economic growth.

In India, farmers adopted diverse horticultural crops such as fruits, vegetables, tuber crops, flowers etc. It played a vital role in enhancing socio-economic conditions of farmers. It led to creation of employment opportunities for women and underprivileged classes as well. Thus, horticulture has emerged as a successful sustainable livelihood option, promoting rural development in India. (To be marked as a whole) (ii) Explain briefly any two functions of the environment. Ans. Two functions of the environment are: Supply of Resources: The environment supplies resources both renewable and non-renewable on a continuous basis. Sustenance of Life: By providing genetic and bio diversity the environment helps in sustenance of life. 	<u>6</u> 3 1 ¹ /2
	 Ans. In April 2022, the tax collection recorded a 20% hike and reached the level of ₹1.7 lakh crore. This buoyancy in revenue was an outcome of rising economic activities and tighter regulation by the government. A 13% rise in the number of e-way bills generated and ₹ 1.1 crore GST returns filed in the country is the clear indication of recovery of business activity at a faster pace. (To be marked as a whole) (i) How did horticulture encourage rural development in India? Ans. Thus, horticulture has emerged as a successful sustainable livelihood option, promoting rural development in India. (ii) Explain briefly any two functions of the environment. Ans. Two functions of the environment are: • Supply of Resources: The environment supplies resources both renewable and non-renewable on a continuous basis. • Sustenance of Life: By providing genetic and bio diversity the environment helps in sustenance of life. (i) Distinguish between 'Green Revolution' and 'Golden Revolution'.	6 3 11/2 11/2 6

Green Revolution refers to large scale increase in production of food grains (like wheat, rice etc.) resulting from the use of high yielding variety seeds, chemical fertilizers, modern sophisticated agricultural equipments etc.	11
 (ii) State any three limitations of organic farming. Ans. Three limitations of organic farming are as follows: Yields from organic farming are relatively less than the modern agricultural farming. Therefore, small and marginal farmers may find it difficult to adapt to large-scale production. 	1
• Produce from organic farming has a relatively shorter shelf life.	1
• Possibilities of off-season cropping is limited in organic farming.	1
(Any other valid limitation to be allotted marks)
