Ethical work culture refers to the collective practices, norms, beliefs in the organization which is guided by ethical values.

एक ईमानदार नौकरशाह को असुविधा हो सकती है किन्तु एक बेईमान नौकरशाह को दीर्घकाल में हानि होने की अधिक संभावना होती है। टिप्पणी कीजिए।

In civil services, integrity & honesty are the values which are ~~the~~ emphasised most.

It's importance can be manifested in terms of its contribution to

But an honest bureaucrat can be put to inconvenience:-

- Political pressures eroding <sup>career</sup> ~~etc~~ growth
- may need to sacrifice personal interests like promotion, remote transfers.
- may even damage to life of the person.  
G. Ashok Khemka lost his life due to his fight against illegal mining
- feeling of dissonance & anxiety due to constant pressure.

But in the long run, it is the dishonest officer which is most likely to suffer :-

- Loss to image when the corruption will be exposed.
- Loss of prestige & respect in the society.
- May even ~~be~~ need to face imprisonment
- Loss of personal morality - no inner happiness, just material show off.

~~But in a country like~~

But in India, it is the honest which suffers the most not the dishonest one because :-

- ~~lack~~ Delay in trials of corruption
- Politicians & Bureaucrats never prevent any expose of corruption.
- Lack of clarity in regulations & laws
- Poor enforcement of legislation like PCA.
- Lack of whistle blowee policy, no witness protection.

To maintain the trust of people in the system, it is important to reward the honest & punish the dishonest.

3. (a) The notion of an ethical foreign policy downplays the realities of international politics. Critically discuss. (150 words) 10

एक नैतिकतापूर्ण विदेश नीति की धारणा अंतर्राष्ट्रीय राजनीति की वास्तविकताओं को कम करके आंकती है। आलोचनात्मक विवेचना कीजिए।

Ethics in foreign policy is the following of ethical values & norms in dealing with nations & international organisations.

facets of ethical foreign policy

↳ → Paris agreement - Developed countries have accepted their historical responsibility for the CO<sub>2</sub> emissions & ready to contribute funds & technology for mitigation.

→ NATO interference in Afghanistan to protect the human rights of people there.

→ China's aid & soft loans to smaller countries for their infrastructure development & growth.

→ Developed countries providing GSP preference & lower or tariff rates to developing countries.

But there is always a flip side to this ethical foreign policy

- Developed countries still have not contributed full amount of \$100 bn to Green climate fund
- US withdrew from Paris agreement when it was going against its interest
- China's aid is determined by geopolitics & its own strategic interests in Indo-Pacific - debt trap diplomacy
- Inteference in west Asia & ~~NATO~~ Afghanistan by Western countries was to protect their own commercial interests.

This foreign policy is determined more by self interests than by notions of ethicality - the one who is dominant fill the moral free space

But despite this, the benefits of developed countries aid to lower developed countries in terms of soft loans, technology transfer, protection from terrorism can't be underemphasised.

Need for organisations like UN, WTO to balance the interests of all countries for the larger good of humanity

3. (b) Conscience can neither be silent nor delayed as a source of ethical guidance. Elaborate. (150 words) 10

नैतिक मार्गदर्शन के स्रोत के रूप में अंतःकरण न तो मौन रह सकता है और न ही विलंब कर सकता है। सविस्तार वर्णन कीजिए।

Conscience is the person's internal rationalisation rational arrangement to decide between right or wrong.

It is not spontaneous or emotive but rather a conscious feeling.

Conscience as a source of ethical guidance

Ethical guidance can be provided by the laws or regulations (IPC, Criminal laws etc.)

But sometimes there is a moral free space where no laws exist to guide the behaviour, here comes the role of Conscience.

Ex. A person crosses the traffic light but it was due to a medical emergency, here traffic police officer has to announce his conscience in taking a right decision.

Thus conscience can't be silent, it has to speak up whenever a person faces ethical dilemma.

It ~~can~~ also can't be delayed. Otherwise situation can go out of control.

Eg. All the business organisations dealing in processes that are polluting the environment & causing climate change have to listen to their conscience.

Laws like Air pollution, Water pollution Act exist but they haven't enforced properly.

It is now for their inner conscience that is needed to be awakened for the future of their children & larger humanity.

4. Given below are quotations of moral thinkers/philosophers. Bring out what they mean to you in the present context:

नीचे नैतिक विचारकों/दार्शनिकों के उद्धरण दिए गए हैं। वर्तमान संदर्भ में आपके लिए उनके क्या अर्थ हैं, स्पष्ट कीजिए:

(a) To educate a person in the mind but not in morals is to educate a menace to society. — Theodore Roosevelt (150 words) 10

किसी व्यक्ति को बौद्धिक रूप से शिक्षित करना, किंतु नैतिक रूप से नहीं, समाज के लिए एक खतरे को शिक्षित करना है। - थियोडोर रूज़वेल्ट

This quote given by Theodore Roosevelt very aptly being the current dilemmas of society.

Education is meant for the intellectual development of a person, to give him subject knowledge, critical thinking.

This will enable him to stand in the society, earn his livelihood & status.

But as Gandhiji, Education has to be full education of morals. It has to teach him the value of compassion, non-violence, empathy.

It is important for the holistic development of a child. He will ~~be~~ not be a just good businessman or good employee but a good human being.

If education is just of mind, not morals, it will create menace to society.

Ex. Afzal guani was a highly educated person but due to lack of his morals, he resorted to path of terrorism.

Incidents of communal riots, mob lynching, Cyber bullying, hacking, financial frauds, misinformation campaign make the case of moral education even more strong.

A person doing cyber stalking of a girl is very well versed with technology (mind) but lacked morality.

It is a danger to the wider society. It is the responsibility of family, schools, teachers, society to guide their young generation in right path.

4. (b) Right is right even if no one is doing it; wrong is wrong even if everyone is doing it. — Saint Augustine (150 words) 10

सही सही है, भले ही कोई भी ऐसा न कर रहा हो; गलत गलत है भले ही हर कोई ऐसा कर रहा हो। - सेंट ऑगस्टीन

This quote ~~is~~ can be fit with every era of the human existence.

~~Right~~ for the society, right is defined by the wider consensus that takes the form of ethicality (societal notion of right or wrong).

But what is right for the society may not always be the right thing.

In 1500, it was the Copernicus who give the theory that earth & planets are orbiting the sun. ~~it was~~ while the whole society thought that earth is the centre of universe. He was beaten & criticised for his 'so called' stupid theory but today we all are living with his truth.

In 1820s, Raja Ramohan Roy raised his voice against inhuman practice of Sati.

When the society thought it to be cardinal  
duty of a woman to follow her her  
husband to next world.

~~And even today~~

And even today, voice of a girl Greta  
Thunberg is more loud for climate crisis  
climate crisis. Even if we don't pay  
attention to it today, we all have it to  
one day when we will be at the verge of collapse

This history has proved that right is right  
even if no one is doing it, wrong is wrong  
even if everyone is doing it.

5. (a) "Children are great imitators, so give them something great to imitate." In this context, discuss the importance of role models in inculcating values in children. (150 words) 10

"बच्चे उत्कृष्ट अनुकरण करने वाले होते हैं, इसलिए उन्हें अनुकरण करने के लिए कुछ बहुत उत्कृष्ट दीजिए।" इस संदर्भ में, बच्चों में मूल्यों को अन्तःस्थापित करने में अनुकरणीय व्यक्तियों (रोल मॉडल्स) के महत्व की विवेचना कीजिए।

Childhood is a clean slate, whatever you ~~write~~ write over it, it will be there for lifetime.

~~Childhood & children are great in~~  
Children are great imitators. They have an open heart. They judge good & bad from the eyes of society, their parents, their teachers thus it is important to give them something great to imitate.

Importance of role models in inculcating values in children.

 being, more considerate towards gender  
 (who is) equality - A boy respectful  
 to girl & a girl having more self confidence.

→ Teachers can inculcate the values of honesty,  
 Compassion, patriotism.

Ex. ~~Gandhiji, APJ Abdul~~

 Abdul Kalam can teach important life lessons  
 & values to children.

APJ Abdul Kalam's honesty, secular outlook  
 Gandhiji's devotion to duty, empathy for  
 weaker, honesty can guide a child throughout  
 his life.

5. (b) The Covid-19 pandemic has brought with itself an environment of uncertainties and hardships. In this context, discuss the significance of emotional intelligence in dealing with the situation. (150 words) 10

कोविड-19 महामारी अपने साथ अनिश्चितताओं और कठिनाइयों से भरा वातावरण लेकर आई है। इस संदर्भ में, इस स्थिति से निपटने में भावनात्मक बुद्धिमत्ता के महत्व की विवेचना कीजिए।

Emotional intelligence is the ability of an individual to understand his own feelings, manage it, understand the other person's feelings.

It is important for the emotional stability of an individual.

the feeling of his workers thus providing with him a reasonable salary for basic needs, not firing from jobs.

Social Media has become an important part of everybody's life in today's time. People spend a considerable period of time on their online activities.

Role of social Media in shaping moral attitude.

↳ Moral attitude refers to the person's belief or notion towards right or wrong.

↳ ~~Social media can shape the way~~

↳ Incidents like cyber bullying, cyber stalking, harassment are ~~so~~ harming the value system of individuals.

↳ But also, 'metoo movement', the for 50c campaign, per a selfie with your daughter.

These kind of movements change the orientation of people towards topics like gender equality, girl rights.

## Role of social media in shaping political attitude.

- 1) Targeted campaign by political parties during elections can influence the political opinions.
- 2) Discussions on the forums by the social media users can influence the opinion of both the active & passive users of those forums.

- 4) Social media journalism where any part be it salt & bread being served in mid-day meal to a politician beating a public servant go viral thus changing shaping the people's attitude.

Thus, social media is a double-edged sword can be used to either magnify the positive attitude or aggravate the negative attitude.

7. Environmental ethics is about the moral relationship of human beings to, and also the value and moral status of, the environment and its non-human contents. Elaborate.

(150 words) 10

पर्यावरणीय नीतिशास्त्र पर्यावरण एवं उसकी गैर-मानवीय विषयवस्तु के मूल्य और नैतिक स्थिति के साथ ही उसके साथ मनुष्यों के नैतिक संबंध के विषय में भी है। सविस्तार वर्णन कीजिए।

Environmental ethics is the values shown by individual while dealing with environment. With the problems like climate change, pollution, extinction of species becoming more aggravated, it has become a ~~and~~ more discussed topic.

Moral relationship of human being with environment.

→ Environment is the provider of food, air, shelter, clean water,

 विवेचना कीजिए।

Citizen Charter is a document which outlines the commitment of an organisation to a timely, standard quality of service and a grievance redressal mechanism.

11. The global toll of the COVID-19 pandemic is enormous: more than a half-million lives lost, hundreds of millions out of work, and trillions of dollars of wealth destroyed. And the disease has by no means run its course. There is tremendous interest in the development of a vaccine, with more than a hundred initiatives under way around the world.

Even if one or more vaccines emerge that promise to make people less susceptible to COVID-19, the public-health problem will not be eliminated. But policymakers can avert some foreseeable problems by starting to address key questions about financing and distribution now.

In view of the above scenario, answer the following questions:

- (a) Identify the different stakeholders involved in this scenario.
- (b) Identify some of the ethical questions and issues that are likely to emerge as the vaccine becomes available.
- (c) Who, in your opinion, should be amongst the first recipients of the vaccine? Give reasons for your answer. (20)

वैश्विक स्तर पर कोविड-19 महामारी से प्रभावित लोगों की संख्या अत्यधिक है: 5 लाख से अधिक मौतें हुई हैं, करोड़ों लोगों के रोजगार चले गए और अरबों डॉलर की धन संपत्ति नष्ट हो गई है। और अभी भी इस रोग का निर्वाह प्रसार जारी है। टीके के विकास में वैश्विक स्तर पर अत्यधिक रुचि प्रदर्शित की जा रही है। इस दिशा में सम्पूर्ण विश्व में सौ से अधिक पहलें चल रही हैं।

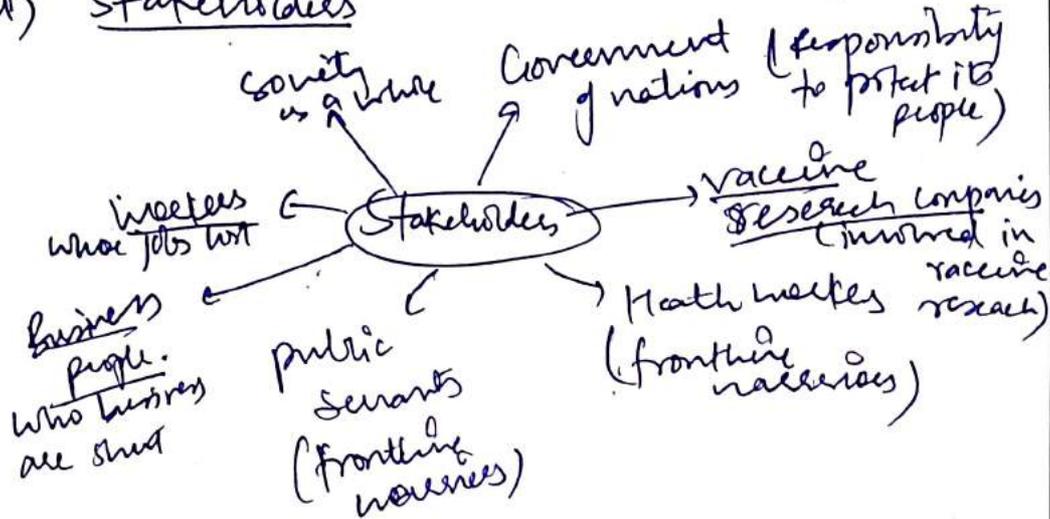

यहां तक कि यदि लोगों को कोविड-19 के प्रति कम सुभेद्य बनाने की संभावना वाले एक या अधिक टीके उभरकर सामने आते हैं, तो भी सार्वजनिक स्वास्थ्य की समस्या समाप्त नहीं होगी। लेकिन नीति-निर्माता अभी वित्तपोषण और वितरण के संबंध में महत्वपूर्ण प्रश्नों का समाधान आरंभ करके कुछ पूर्वानुमेय समस्याओं को घटित होने से रोक सकते हैं।

उपर्युक्त परिदृश्य को ध्यान में रखते हुए, निम्नलिखित प्रश्नों का उत्तर दीजिए:

- (a) इस परिदृश्य में सम्मिलित विभिन्न हितधारकों की पहचान कीजिए।
- (b) टीका उपलब्ध होते ही उभर सकने वाले कुछ नैतिक प्रश्नों और मुद्दों की पहचान कीजिए।

(4) ~~Stakeholders involved in this case:-~~

(a) Global toll of the Covid-19 pandemic has affected every nation in the world. Every one is suffering in one or the other.

(a) Stakeholders(b) Issues that become available

(b) Issues that will emerge as vaccine become available.

(1) Every country will try to secure maximum supply of vaccines for its own country leaving most vulnerable will be poor countries with less fiscal capacity — situation of vaccine nationalism

(17) Conflict between private interest of vaccine companies to make profit out of this golden opportunity and the public interest to make available this vaccine at affordable prices.

(iii) May create a situation of inequality between those who can afford a vaccine & those who can't.

(iv) Different question of who will be given the vaccine first - health workers, old age people, political leaders?

(v) ~~Concerned~~ Government need to make available this vaccine at affordable price even when its finances are dampened due to pandemic.

(vi) Environmental impact of such a huge amount of use of plastic syringes that will be used to immunise people.

(c) According to my opinion, health workers and public servants should be the first recipient of the vaccine.

It is because:-

→ They are most vulnerable to get the infection because dealing with in front line.

→ They are also the super spreaders who are most likely to spread the infection to many others as in contact with many people.

→ To boost their morale to continue their duty as their devotion is of utmost importance for any containment of disease.

12. You are the head of a PSU, which has recently been entrusted with construction of a new airport in a metropolitan city. However, the area in the immediate neighbourhood of the proposed airport runways have large tracts of land occupied by dense slum settlements. If the airport is to be constructed, approximately 75,000 slum families will have to be humanly rehabilitated. The sheer scale of this rehabilitation, almost similar to an urban renewal, has thrown up many challenges. Foremost among these is identifying an appropriate location for rehabilitation of slum dwellers. You are faced with the following options in this regard, each of which have their own merits and demerits:

(a) There is no reasonably priced land in close vicinity of the present slums. A vagant parcel of land that you have identified close-by will have to be developed afresh along with all civic amenities, and this will entail huge cost for the PSU.

(b) There is another location, which is very far-off where a factory once stood. All the required civic amenities are in place here and the factory can be converted into appropriate houses at little cost to the PSU. However, there will be loss of livelihood on relocation to this area because of its distance from the current slum location.

(c) There is yet another site, which can be used for rehabilitation at reasonable cost. Neither is it too far nor will it entail huge monetary cost, but exercising this option involves cutting a large number of trees, which may adversely affect the ecology of the area. This is likely to face resistance from environmental groups.

Given the above options and the associated challenges, which of these sites will you choose for rehabilitation of slum dwellers? Provide adequate justification for your choice. (20)

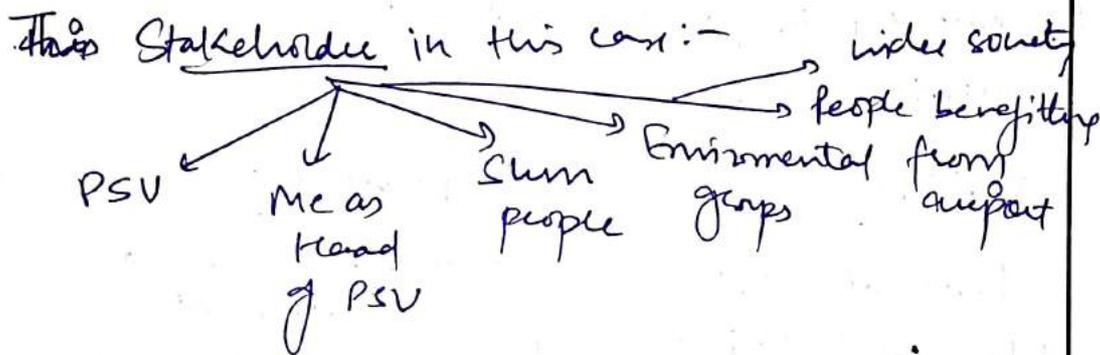

आप एक सार्वजनिक उपक्रम (PSU) के प्रमुख हैं, जिसे हाल ही में एक महानगर में एक नए विमान पत्तन या हवाई अड्डे के निर्माण का काम सौंपा गया है। परन्तु, प्रस्तावित विमान पत्तन के ठीक पड़ोस के क्षेत्र में भूमि के बड़े भाग पर घनी मलिन वस्तियों का कब्जा है। यदि विमान पत्तन का निर्माण करना है तो लगभग 75,000 मलिन वस्ती के परिवारों का मानवीय तरीके से पुनर्वास करना होगा। इतने बड़े पैमाने पर पुनर्वास लगभग एक शहरी पुनर्स्थापन के समान है, जो कई चुनौतियों को खड़ा करता है। इसमें सबसे पहली चुनौती है। मलिन वस्ती वासियों के पुनर्वास के लिए उपयुक्त स्थान की पहचान करना। इस संबंध में आपके सामने निम्न विकल्प हैं, जिनमें प्रत्येक की अपनी योग्यता और अयोग्यता है:

(a) वर्तमान मलिन वस्तियों के निकट सानिध्य में कोई उचित कीमत की भूमि नहीं है। एक खाली भू-खंड जिसकी आपने निकट के क्षेत्र ही में पहचान की है, उसे सभी नागरिक सुविधाओं के साथ नए सिरे से विकसित करना होगा। सार्वजनिक उपक्रम (PSU) हेतु इसकी लागत अत्यधिक होगी।

(b) बहुत दूर स्थित एक और स्थान है जहां कभी एक फैक्ट्री स्थापित थी। यहां सभी आवश्यक नागरिक सुविधाएं मौजूद हैं और फैक्ट्री को उपयुक्त मकानों में परिवर्तित किया जा सकता है जिसमें सार्वजनिक उपक्रम (PSU) को कम लागत आएगी। परन्तु, इस क्षेत्र में पुनर्स्थापन से आजीविका या रोजगार का नुकसान होगा क्योंकि यह मलिन वस्तियों के वर्तमान स्थान से बहुत दूर है।

(c) एक अन्य स्थान भी है जिसका उपयोग उचित लागत पर पुनर्वास के लिये किया जा सकता है। न तो यह बहुत दूर है और न ही इसमें अत्यधिक धन की आवश्यकता है, लेकिन इस विकल्प के प्रयोग में बड़ी संख्या में वृक्षों को काटना पड़ेगा जो क्षेत्र की पारिस्थितिकी को विपरीत रूप से प्रभावित कर सकता है। इसमें पर्यावरण समूहों के प्रतिरोध का सामना करना पड़ सकता है।

उपर्युक्त विकल्पों और संबंधित चुनौतियों के परिपेक्ष्य में मलिन बस्ती वासियों के पुनर्वास के लिए आप इनमें से किस स्थान का चयन करेंगे? अपने चयन के समर्थन में यथोचित प्रमाण प्रस्तुत कीजिए।

This situation present an ethical dilemma between various ethical issues.

### I Course of Action

Using ~~far~~ close by land to deshabitate slum

#### Positive

- close to existing slum
- no loss of employment to slum dwellers
- less opposition from slum dwellers

#### Negative

- high cost due to development of all civic amenities

II Course of Action → At far off location

positive

- Reasonably priced
- All civic amenities available here
- less cost to PSU

Negative

- loss of livelihood to slum dwellers
- Resistance from slum dwellers

III Course of action → Site which will involve cutting of trees

positive

- Reasonable price
- NO loss of livelihood
- less resistance of slum dwellers

Negative

- Cutting of trees → ecological cost
- Resistance of environmental groups.

Course of Action

- 1) I will first talk with the slum dwellers about their comfortability in rehabilitation to a new place.
- 2) Also, will talk with the environmental groups in case of III Course of action will require to be chosen.

3) ~~Next~~ I will look into my company's available finances before going for any option.

4) Chosen course of Action

I will not choose III course of action as its ecological cost will be too high which can't be reversed in a near term.

And for a metropolitan city where pollution levels are always a problem, any cutting of trees can further aggravate the situation. (Such large number of)

I will choose II course of action of developing a far off location site for slum rehabilitation

This location will be cost effective for my company. I can at affordable price connect into houses for the slum dwellers.

To avoid any resistance from them, I need to develop livelihood opportunities for them at that place.

Since factory was already once stood there, ~~it means it~~ and has all the required civic amenities at place, it mean more business will be willing to move in there. And since it is a PSU, government is a stakeholder, May talk with the government to provide Special incentives for those locating at ~~that place and since it is~~

- And ~~so~~ here, most of them are indulged in low wage, informal employment so at a new location, can develop more better & employment opportunities for them.
- Government's existing scheme for skill development will be leveraged to build their skills.
- These cost will be much less than developing a ~~full~~ full fledged civic amenities infrastructure.
- And if the aspect turn out to be successful, funds generated from there can be further invested there.
- And for the time being, some incentive package can be given to avoid their resistance

This way, both the PSU and the share  
holders can be in win-win situation.

13. You are an Indian Forest Service Officer posted in a division which falls in the coastal regulation zone and contains multiple wildlife sanctuaries. Recently, the State government has brought up a proposal of a new food processing park in your division. Under the proposal, around 175 square kilometers of forest land will be acquired as per the law. The developers of the project claim the various socio-economic benefits it can provide to the people in the area. Due to this a sizeable chunk of trees will be uprooted. There are studies which suggest that such initiatives have a long-term impact on wildlife and also leads to human-wildlife conflict. Some residents living in the periphery of the forest have supported this move in hope of employment opportunities. However, traditional dwellers of the forests have protested against this move. The government has constituted a committee to frame guidelines for sustainable operation of this project. The committee has asked for your suggestions in this regard.

(a) Identify the principles and values that would guide your suggestions in this regard.

(b) What course of action should be taken in order to balance the social and environmental needs in this case? (20)

आप भारतीय वन सेवा के एक अफसर हैं और ऐसे मंडल या डिवीज़न में पदस्थापित हैं जो तटवर्ती विनियमन क्षेत्र में आता है और जिसमें कई वन्यजीव अभयारण्य हैं। हाल ही में, राज्य सरकार द्वारा आपके मंडल या डिवीज़न में एक नए खाद्य प्रसंस्करण पार्क की स्थापना प्रस्तावित की गयी है। इस प्रस्ताव के अंतर्गत लगभग 175 वर्ग किलोमीटर वन भूमि के विधिक अधिग्रहण की आवश्यकता पड़ेगी। परियोजना के विकासकर्ताओं (डेवलपर्स) ने इसके विभिन्न सामाजिक-आर्थिक लाभों का दावा किया है जो इस क्षेत्र के लोगों को उपलब्ध कराया जा सकता है। इसके कारण वृक्षों के एक बड़े हिस्से को जड़ से हटाना पड़ेगा। ऐसे अध्ययन हैं जिनमें यह बताया गया है कि ऐसी पहलों से वन्यजीवन पर दीर्घकालिक प्रभाव पड़ता है, इसके अतिरिक्त यह मनुष्य-वन्यजीव संघर्ष को उत्पन्न करती हैं। वन की बाह्य परिधि पर रहने वाले कुछ निवासियों ने रोजगार अवसरों की उम्मीद में इस प्रस्ताव का समर्थन किया है। परन्तु, वनों के पारंपरिक निवासियों ने इस प्रस्ताव का विरोध किया है। सरकार ने इस परियोजना के संधारणीय संचालन के दिशा-निर्देशों को निर्धारित करने के लिए एक समिति का गठन किया है। समिति ने इस संबंध में आपसे सुझाव मांगे हैं।

(a) इस संबंध में उन सिद्धांतों और मूल्यों को निर्धारित कीजिए जो आपके सुझावों का मार्गदर्शन करेंगे।

(b) इस मामले में सामाजिक और पर्यावरणीय आवश्यकताओं में संतुलन स्थापित करने के लिए क्या कार्रवाई करनी चाहिए?

Stakeholders involved in this case:-

- Government
- MC as Indian forest officer
- Developers of project
- Wildlife & environment
- Residents in periphery of project who are supporting it.
- ~~For~~ Traditional dwellers who are opposing it.
- Society as a whole.

(a) The principles & values that will guide my suggestions in this case:-

- (i) value of protection of the environment & wildlife and wider interest of society
- (ii) Right of traditional dwellers to stay in their native place.
- (iii) Right of residents to get employment opportunities
- (iv) Respect for the laws that allow such <sup>discretion</sup>.

→ Need to ~~develop~~ develop business oppor-  
tunities for the economic growth of country.

(b) Course of Action that can be taken:-

Not allowing the diversion

→ It will save the interests of traditional  
dwellers

→ Prevent any damage to wildlife and  
long term ecological cost.

→ However, may hamper the business  
prospects of project developer.

- Also, loss of employment opportunities for  
the residents.

Allowing the diversion

→ long term damage to the ecology and  
future problem of human-wildlife conflict.

→ ~~But~~ loss of native place for traditional  
dwellers

→ However provide employment opportunities  
to resident, also for growth of business

### Chosen course of action

- Since ~~it is~~ diversion is ~~as per~~ the law, it can't be bluntly denied.
- Efforts should be ~~to~~ made to find any other suitable location for a food processing park in a nearby area.
- Consultations with residents & traditional shun dwellers need to be made giving them information about both pros & cons.
- They should be made aware about the long term ecological damage & chances of human wildlife conflict which is only going to harm them.
- Even if decision to ~~to~~ divert the land is taken, then provision of social audit has to be incorporated.
- Project developer need to provide fund and search suitable land for compensatory afforestation.

This will ensure that balance between  
social & environmental needs can be made.

14. The RTI Act, which became operational in 2005 empowers the Indian citizens to seek information from public authorities. This, in effect, makes the Government and its functionaries more accountable and responsible. However, it has faced resistance because of the entrenched-bureaucratic culture and it is taking time to change the mindset of the people in the government to new realities in wake of the act. This has led to implementation issues and questions have also been raised against the effectiveness of the act in achieving its desired objectives. Apart from this, certain issues related to the information seeker have also been raised from time to time.

In view of the innumerable challenges answer the following:

- (a) Explain the importance of a transparent government system in a democracy, like India.
- (b) Elaborate on the challenges that the implementation of RTI has faced, in the context of information seeker (demand-side) as well as those entrusted to give information (supply-side).
- (c) Discuss the role that such a legislation can be expected to play given the ground realities in our country. How can it be ensured that such legislations are effective in achieving their envisaged objectives? (20)

2005 में लागू RTI अधिनियम भारतीय नागरिकों को लोक प्राधिकारियों से सूचना मांगने का अधिकार प्रदान करता है। यह प्रभावी रूप से, सरकार और इसके पदाधिकारियों को अधिक उत्तरदायी और जिम्मेदार बनाता है। परन्तु, इसे मोर्चाबद्ध नौकरशाही संस्कृति के विरोध का सामना करना पड़ रहा है और इस कानून के मद्देनजर नई वास्तविकताओं के प्रति सरकार के लोगों की मानसिकता परिवर्तित होने में समय लग रहा है। इसके कारण कार्यान्वयन में समस्या आ रही है और इच्छित उद्देश्यों की प्राप्ति के लिए इस कानून की प्रभावकारिता पर भी सवाल उठ रहे हैं। इसके अतिरिक्त, सूचना मांगने वाले से संबंधित कुछ मुद्दे या विवाद भी समय-समय पर उठते रहे हैं।

अनगिनत चुनौतियों को देखते हुए निम्नलिखित के उत्तर दीजिए:

- (a) भारत जैसे लोकतंत्र में एक पारदर्शी सरकारी तंत्र के महत्व को स्पष्ट कीजिए।
- (b) सूचना मांगने वाले (मांग-पक्ष) और जिन्हें सूचना देने का काम सौंपा गया है (आपूर्ति-पक्ष) उनके संदर्भ में RTI के कार्यान्वयन में जिन चुनौतियों का सामना करना पड़ रहा है, उनका विस्तार पूर्वक वर्णन कीजिए।
- (c) अपने देश की धरातलीय वास्तविकताओं को देखते हुए, उस भूमिका की चर्चा कीजिए जिसे इस तरह के कानून द्वारा निभाया जाना अपेक्षित है। यह कैसे सुनिश्चित किया जा सकता है कि ऐसा कानून अपने उल्लिखित उद्देश्यों को प्राप्त करने में प्रभावी हो?

RTI Act 2005 when passed was a great step in the direction of transparency of the government. It was passed with great hopes but not proved to be much effective over the years.

(a) Importance of transparent government system in India

- Ensure trust of the public in government process
- Ensure effective utilization of funds.
- Curb the corruption in government
- May government citizen centric.
- Uphold the democratic principles of equity, justice.
- Protect the interest of weaker section against unfair exploitation.

(b) Challenges in the implementation of RTI

Demand-side

vested interests of those seeking info<sup>n</sup> to malign the govt.

Lack of awareness about the act

Lack of literacy among the people to know to use it.

Lack of funds with the most vulnerable who need it most.

Supply side

High Disparity in cost of giving info<sup>n</sup>

Lack of proper maintenance of accounts / records

Lack of orientation towards transparency

Lack of proactive disclosure of information.

(C) Role of RTI in country like India

↳ Information regarding fund utilisation for various welfare schemes can be taken

↳ Can uncover any instances of corruption

↳ Can uncover any instance of poor quality services being provided.

↳ Can uphold the accountability of government.

To ensure that this legislation are effective in achieving its objective is it is important that:-

- ~~for~~ Cost of accessing, info" should be reduced.
- Strict enforcement of rules regarding proper maintenance of records.
- More awareness about the act through inclusion in school curricula.

- Creation of RTI cell in important ministries & department.
- Develop a culture of proactive discharge of information.
