भरमौर जनजातीय क्षेत्र में विकास की प्रक्रिया 1970 के दशक में शुरू हुई जब गद्दी लोगों को अनुसूचित जनजातियों में शामिल किया गया। 1974 में पाँचवीं पंचवर्षीय योजना के अंतर्गत जनजातीय उप-योजना प्रारंभ हुई और भरमौर को हिमाचल प्रदेश में पाँच में से एक समन्वित जनजातीय विकास परियोजना (आई.टी.डी.पी.) का दर्जा मिला। इस क्षेत्र विकास योजना का उद्देश्य गद्दियों के जीवन स्तर में सुधार करना और भरमौर तथा हिमाचल प्रदेश के अन्य भागों के बीच में विकास के स्तर में अंतर को कम करना है। इस योजना के अंतर्गत परिवहन तथा संचार, कृषि और इससे संबंधित क्रियाओं तथा सामाजिक व सामुदायिक सेवाओं के विकास को सर्वाधिक प्राथमिकता दी गई।

इस क्षेत्र में जनजातीय समन्वित विकास उपयोजना का सबसे महत्वपूर्ण योगदान विद्यालयों, जन स्वास्थ्य सुविधाओं, पेयजल, सड़कों, संचार और विद्युत के रूप में अवसंरचना विकास है। परंतु होली और खणी क्षेत्रों में रावी नदी के साथ बसे गाँव अवसंरचना विकास से सबसे अधिक लाभान्वित हुए हैं। तुंदाह और कुगती क्षेत्रों के दूरदराज के गाँव अभी भी इस विकास की परिधि से बाहर हैं।

- 4.1 किसी क्षेत्र के समन्वित विकास के लिए अवसंरचनात्मक सुविधाओं को विकसित करना क्यों आवश्यक है ? स्पष्ट कीजिए।

- 4.2 भरमौर क्षेत्र में 'समन्वित जनजातीय विकास परियोजना' के प्रमुख उद्देश्य का उल्लेख कीजिए।

- 4.3 इस क्षेत्र में जनजातीय विकास उप-योजना के परिणाम को स्पष्ट कीजिए।

(Source Based Question)

4. Read the following source and answer the given questions : **1 × 3 = 3**

The process of development of tribal area of Bharmaur started in 1970s when Gaddis were included among 'scheduled tribes'. Under the Fifth Five Year Plan, the tribal sub-plan was introduced in 1974 and Bharmaur was designated as one of the five Integrated Tribal Development Projects (ITDP) in Himachal Pradesh. This area development plan was aimed at improving the quality of life of the Gaddis and narrowing the gap in the level of development between Bharmaur and other areas of Himachal Pradesh. This plan laid the highest priority on development of transport and communications, agriculture and allied activities, and social and community services.

The most significant contribution of tribal development sub-plan in Bharmaur region is the development of infrastructure in terms of schools, healthcare facilities, potable water, roads, communications and electricity. But the villages located along the river Ravi in Holi and Khani areas are the main beneficiaries of infrastructural development. The remote villages in Tundah and Kugti areas still do not have sufficient infrastructure.

- 4.1 Why is it necessary to develop infrastructural facilities for integrated development of a region ? Explain.
- 4.2 Mention the main objective of 'integrated tribal development project' in Bharmaur region.
- 4.3 Explain the outcome of tribal development sub-plan in this region.

Senior Secondary School Term II Examination, 2022

Marking Scheme – GEOGRAPHY (SUBJECT CODE – 029)

(PAPER CODE – 64/3/2)

General Instructions: -

1. You are aware that evaluation is the most important process in the actual and correct assessment of the candidates. A small mistake in evaluation may lead to serious problems which may affect the future of the candidates, education system and teaching profession. To avoid mistakes, it is requested that before starting evaluation, you must read and understand the spot evaluation guidelines carefully.
2. **“Evaluation policy is a confidential policy as it is related to the confidentiality of the examinations conducted, Evaluation done and several other aspects. Its’ leakage to public in any manner could lead to derailment of the examination system and affect the life and future of millions of candidates. Sharing this policy/document to anyone, publishing in any magazine and printing in News Paper/Website etc may invite action under IPC.”**
3. Evaluation is to be done as per instructions provided in the Marking Scheme. It should not be done according to one’s own interpretation or any other consideration. Marking Scheme should be strictly adhered to and religiously followed. **However, while evaluating, answers which are based on latest information or knowledge and/or are innovative, they may be assessed for their correctness otherwise and marks be awarded to them. In class-X, while evaluating two competency based questions, please try to understand given answer and even if reply is not from marking scheme but correct competency is enumerated by the candidate, marks should be awarded.**
4. The Head-Examiner must go through the first five answer books evaluated by each evaluator on the first day, to ensure that evaluation has been carried out as per the instructions given in the Marking Scheme. The remaining answer books meant for evaluation shall be given only after ensuring that there is no significant variation in the marking of individual evaluators.
5. Evaluators will mark(√) wherever answer is correct. For wrong answer ‘X’ be marked. Evaluators will not put right kind of mark while evaluating which gives an impression that answer is correct and no marks are awarded. **This is most common mistake which evaluators are committing.**
6. If a question has parts, please award marks on the right-hand side for each part. Marks awarded for different parts of the question should then be totaled up and written in the left-hand margin and encircled. This may be followed strictly.
7. If a question does not have any parts, marks must be awarded in the left-hand margin and encircled. This may also be followed strictly.
8. If a student has attempted an extra question, answer of the question deserving more marks should be retained and the other answer scored out.
9. No marks to be deducted for the cumulative effect of an error. It should be penalized only once.

10. A full scale of marks _____(example 0-40 marks as given in Question Paper) has to be used. Please do not hesitate to award full marks if the answer deserves it.
11. Every examiner has to necessarily do evaluation work for full working hours i.e. 8 hours every day and evaluate 30 answer books per day in main subjects and 35 answer books per day in other subjects (Details are given in Spot Guidelines).This is in view of the reduced syllabus and number of questions in question paper.
12. Ensure that you do not make the following common types of errors committed by the Examiner in the past:-
- Leaving answer or part thereof unassessed in an answer book.
 - Giving more marks for an answer than assigned to it.
 - Wrong totaling of marks awarded on a reply.
 - Wrong transfer of marks from the inside pages of the answer book to the title page.
 - Wrong question wise totaling on the title page.
 - Wrong totaling of marks of the two columns on the title page.
 - Wrong grand total.
 - Marks in words and figures not tallying.
 - Wrong transfer of marks from the answer book to online award list.
 - Answers marked as correct, but marks not awarded. (Ensure that the right tick mark is correctly and clearly indicated. It should merely be a line. Same is with the X for incorrect answer.)
 - Half or a part of answer marked correct and the rest as wrong, but no marks awarded.
13. While evaluating the answer books if the answer is found to be totally incorrect, it should be marked as cross (X) and awarded zero (0)Marks.
14. Any unassessed portion, non-carrying over of marks to the title page, or totaling error detected by the candidate shall damage the prestige of all the personnel engaged in the evaluation work as also of the Board. Hence, in order to uphold the prestige of all concerned, it is again reiterated that the instructions be followed meticulously and judiciously.
15. The Examiners should acquaint themselves with the guidelines given in the Guidelines for spot Evaluation before starting the actual evaluation.
16. Every Examiner shall also ensure that all the answers are evaluated, marks carried over to the title page, correctly totaled and written in figures and words.
17. The Board permits candidates to obtain photocopy of the Answer Book on request in an RTI application and also separately as a part of the re-evaluation process on payment of the processing charges.
