Preface

The State Council of Educational Research and Training has developed the State Curriculum Framework - 2011 and Position Papers in tune with the National Curriculum Framework - 2005 and the Right to Education Act - 2009. Accordingly a new set of textbooks has been designed to be introduced in a phased manner. In the year 2012-13, the first of this series of textbooks has been developed for classes I, II, III, VI, and VII. Practising teachers have been involved in the production of the books along with the state level and national level experts.

Hitherto, English was introduced in Non-English Medium Schools in class III. The State Government has introduced English for the first time in class I in 2011-12 in all non-English Medium Schools. This year, i.e., 2012-13, English is being introduced in class II in all non-English Medium Schools. With this, all the classes from I to X will have English as one of the subjects, irrespective of the medium of instruction. Therefore, in order to have parity among students of English and non-English medium a common English Textbook is introduced in all media from June - 2012. Moreover, since IT enabled learning, multilingualism, and language across the curriculum would greatly enhance the child's learning, it would not be a problem for the non-English medium child to learn English as effectively as in English medium does. This single textbook norm is already in practice in many states including Tamilnadu, Bihar, and Kerala.

The primary Textbooks titled 'MY ENGLISH WORLD' are prepared basing on holistic approach of language learning. The language skills namely listening, speaking, reading, and writing are integrated in the larger context of the themes suggested in NCF - 2005. The activities are designed as per children's knowledge and experiences which ensure active participation of the learners in Teaching Learning Process.

The main aim of teaching English is to help learners evolve themselves as independent users of English. I hope this textbook will help teachers and students achieve this by making the teaching-learning process effective.

Inclusion of Gender Sensitivity and Child Sexual Abuse in School Text Books published by School Education Department with support of UNICEF are taken up to ensure protection of children through various interventions like personal safety rules, gender sensitivity, child sexual abuse, self esteem and life skills. In these areas safety mechanisms and laws related to child protection are taken care of. Hence, the teachers must know about these things and bring awareness among all the stakeholders.

I thank all the institutions and experts at the state and national level, the members of the textbook production committee, the staff members of the SCERT and all others who have contributed directly or indirectly for the successful production of this textbook.

Any suggestions for the improvement of this book are welcome.

PLEDGE

- *Pydimarri Venkata Subba Rao*

“India is my country. All Indians are my brothers and sisters.

I love my country, and I am proud of its rich and varied heritage.

I shall always strive to be worthy of it.

I shall give my parents, teachers and all elders respect,
and treat everyone with courtesy. I shall be kind to animals.

To my country and my people, I pledge my devotion.

In their well-being and prosperity alone lies my happiness.”

1. Where is Ammu now?
2. Have you ever been to a market?
3. What fruits and vegetables do you see in the picture?
4. Do you grow any of these at home?

I don't like it

Ammu's mother prepared bitter gourd curry.
Ammu didn't like it. She didn't eat anything.

What happened Ammu?
Why are you not eating?

1. Why isn't Ammu eating anything?
2. What is grandmother asking Ammu?
3. Is it right for Ammu to leave the table?

Grandmother tells Ammu that fruits and vegetables are good for health. We must eat all.

Grandmother : Ammu, we must eat all the fruits and vegetables.

Ammu : But I don't like some of them. They are not tasty.

1. What is grandmother doing?
2. What did she tell Ammu?
3. Why is it good to eat all fruits and vegetables?

Princess Tomato's Award

Mr. Pumpkin is the king of vegetables. Princess Tomato is his daughter. She is red, soft, sweet and kind. The king wanted the princess to give an award to the most well-behaved person in his kingdom. He invited all people from various places. Brinjal, potato, carrot, bitter gourd, green chilli and lady's finger came for the award.

One by one, tell me
about your qualities to
get the award from my
daughter.

Bitter gourd comes forward...

I am good for health.
I want the award.

Yes, you are good for
health. But, you are greedy.

Lady's finger comes forward...

Red chilli comes forward...

Potato comes forward...

I am very popular.
You have to like me.

I don't have to like you,
just because you are
popular.

Carrot comes forward...

I am good for eyes, skin and hair. But I am shy. Will I get this award?

I have heard of you. I don't know what to do.

Finally the carrot gets the award

I feel you are the most well-behaved.
You deserve this award.

About the Textbook

The textbook for class 1 has been developed keeping the following as the learning outcomes expected from the learners at the end of the academic year.

Academic Standards

At the end of the academic year the children are expected to achieve certain academic standards. The everyday classroom transaction should ensure the achievement of the academic standards among children. The following are the six broad categories of the Academic Standards.

1. Listening and Responding
2. Reading Comprehension
3. Vocabulary
4. Conventions of Writing
5. Creative Expression (Oral and Written Discourses)

The learners in class 1 are expected to listen, to narratives, descriptions, songs and dialogues, read them graphically and construct the following discourses both orally and in the written form (possibly by virtue of graphic writing).

1. Descriptions (objects, persons and places)
2. Conversations with at least two exchanges related to their likes, dislikes, needs, etc.
3. Story containing at least one event and a dialogue
4. Rhymes / Songs by substituting words or phrases

Salient Features of the new Textbook in class I

1. The book contains 7 units each unit dealing with a specific theme but all the units together making a story. Each unit begins with a warm up activity involving children in reading a picture and talking about it after which they will be colouring it.
2. This is followed by a big picture which spreads on two pages. This makes an entry point to the story narrated in the unit. It also contains a number of objects. The gist of the story to be narrated by teacher is given in a box at the top of the page. There are also a few questions for interaction.

3. The narrative that is presented to the learners runs through the pages that follow the big picture. Each page deals with a major episode in the story and has its own sub title. The gist of the narrative related to each page is given at the top of the page. The full narrative is given in the teachers' manual. Most of the questions given on the pages are meant for eliciting the perception and divergent thinking of the learners. Certain letters on each page have been highlighted using different colours so that they will leave visual imprints in the minds of the learners.
4. Some of the pages contain rhymes / songs which make an integral part of the story. These rhymes and songs have a lot of potential for generating more lines with the involvement of the children.
5. Each unit also contains a few activities meant for the learning of vocabulary and spelling. The vocabulary activity ends up with evolving a concept map on themes such as family, vehicles, places, animals, birds, things I like, etc.
6. Towards the end of the unit there is a section for revisiting the letters of the alphabet linked with objects that children are already familiar with (either through their previous experience or by virtue of the learning experience they have undergone in the class).
7. Efforts have been taken to ensure that the learners get holistic input of language rather than fragmentary one in terms of language elements, vocabulary items, etc. The language elements are presented in a spiral mode.

Assessment

Language learning is a continuous process and its assessment is not a distinct activity from learning. Since learning is facilitated through group discussions, peer discussions and individually, assessment also operates at the individual level, in peers and in groups. This will help the learners to compare their strengths and weakness and make modifications in their learning. We propose Continuous and Comprehensive Assessment at all levels of language learning.

There are two types of assessment. One is formative and the other is summative.

Guidelines for Formative Assessment

Formative assessment is done based on four tools that cover all the language competencies (academic standards). These are:

1. Observation
2. Notebooks
3. Slip test
4. Project work

Formative assessment is conducted for 50 marks out of which sliptest, notebooks and project work are allotted 10 marks each and 20 marks for observation.

Children performance is assessed during each term. This is not a single day activity; it is a cumulative account of what has happened in a day- to-day class room transaction.

Criteria for awarding marks under each tool:

Observation: The oral performance of children related to classroom activities which cover the academic standards i.e., listening and speaking, reading comprehension and their indicators should be considered while awarding marks.

Notebooks: The written performance of children related to conventions of writing, vocabulary and the indicators should be considered while awarding marks.

Slip Test: This test should be conducted without giving any prior notice to children. This test should cover the targeted academic standards and should be based on day to day classroom transaction.

The following are the evidences for awarding marks:

- Teacher's unit cum period plan that reflect children's performance.
- Big books or other products evolved in groups through collaboration
- Scripts of Slip Test

Summative Assessment

There will be a two Summative Assessments in an academic year. The test is for 50 marks. Out of these, 30 marks are allotted to oral test and 20 marks are allotted for written test.
