Hello! I am Nidhi.

I am from Srinagar.

I am six.

I am in Class I.

My favourite colour is green.

The apple is my favourite fruit.

I play cricket, carom and badminton.

I want to become a teacher.

# Chant-I Class-I New words favourite colour apple teacher green

- What is your favourite colour?
- Name some things that have your favourite colour.

#### Let's learn

- 1. Nidhi's favourite colour is green/red.
- 2. Nidhi's favourite fruit is the orange/apple.
- 3. Nidhi is six/five years old.
- 4. Nidhi wants to become a teacher/doctor.

# Let's colour

Colour the apple

#### Chant-I Class-I

Greet your teachers and friends when you see them in the morning.

# Off to the language lab

Some of the following words rhyme with Bill. Circle them.

till tall fill full mill sill sell

Now say some words which rhyme with Meet.

(Your teacher will write them on the board)

# **Sight Words**

very just name good help much left seem

#### Chant-I Class-I

# [Activity Time]

#### Activity - 1

- Write on the board the names of few games such as cricket, football, volleyball, hockey, etc.
- Then ask each student to stand up and say: "My favourite game is .....".
- The students having the same favourite game will form a group.
- ② After that, ask each group of students to draw the things that are needed or used to play their favourite game.

#### Activity - 2 [Note: This Activity is in the form of a Game.]

- O Divide students into two groups (X and Y).
- A student from group X comes to the front and asks group Y a question. For asking a question, group X gains a point. If any student from group Y answers the question, group Y also gains a point. If no one from group Y is able to answer the question, pass on the question to group X. If anyone from group X (excluding the student who has asked the question) answers that question, group X gains another point.
- © Group Y will follow the same procedure and the game will continue.

# Chant-I Class-I

At the end, the group with maximum points wins the game.

[Note: A question once asked should not be repeated.]
