Foreword to the Revised Edition

The CBSE's Entrepreneurship curriculum for classes XI and XII, stands out for its strong dynamism, continuous evolution and development. Since 2001, the curriculum has been changed by adopting the functional approach. In the current climate of psychological, social and economic changes, society is influenced by explosive knowledge creation and exponential technology growth. Thus the need to modify and infuse changes in the Entrepreneurship Curriculum at +2 level is a necessary step in the up gradation and updation of the existing curriculum.

The course aims at providing the basic concepts of entrepreneurship, thereby equipping the students with entrepreneurial values, attitudes, motivation and competencies so that they can pursue a career that also calls for creativity and innovation. To accelerate the pace of development of our economy, we need, more entrepreneurs who generate wealth and job opportunities for the country. Infact the entire world needs 'job providers'.

The increasing use of the internet also impacts on our objectives to give our learners a greater autonomy in their learning and enabling differentiated instruction, and, its transformational impact on the teaching methods and deployment of assessment tools, consistent with those objectives. At +2 level, students begin to contemplate and introspect on their choice of subjects for higher studies. For some students, this stage may be the end of their formal education, leading to the world of work and employment; for others, the foundation for higher education. They may choose either a specialized academic course or job-oriented vocational courses. Entrepreneurship would equip them with the necessary skills to make a meaningful contribution towards their personal and professional growth in future.

The revised edition of Entrepreneurship incorporates new chapters that introduce students to market dynamics and encourage their hidden entrepreneurial skills. The revision aims at providing some background information, case studies, activities, new templates and basic concepts to help the students attain a better understanding of higher-order concepts that are being dealt with in greater detail in the curriculum of class XII.

Teachers handling the course need to inform themselves regarding the effective use of course content, teaching methodology, management of group work and independent individual work, management of large classes, appropriate use of assessment tools, grading and record keeping to benefit their students.

The revision of this book would never have been possible but for the sincere effort, devotion and leadership of Dr. Sadhana Parashar, Professor & Director [Academics, Research, Training & Innovation], CBSE and Mr. Sandeep Sethi, Education Officer with his team. Any further suggestions are welcome and will be incorporated in the future editions.

Guidelines for Practical Examination

The main objective of the course in Entrepreneurship is to generate among students the initiative, creativity, self-reliance and enthusiasm so as to empower them to become entrepreneurs, both in spirit and performance. A number of skills such as observation, evaluation, communication, resource mobilization and management, risk assessment, team building etc. are also to be developed in the students. Leadership qualities, sensitivity to business ethics and adherence to a positive value system are the core disciplines that the course highlights while presenting different concepts related to entrepreneurship.

Such a course should necessarily have a strong experiential component in the form of practical work. The objectives of the practical work for students are:

1. To introduce them to the world of business by developing in them the core skills and competencies required for an entrepreneur.
2. To develop qualities such as leadership, confidence, initiative, facing uncertainties, commitment, creativity, people and team building, integrity and reliability.
3. To acquire the skills and knowledge needed for conducting surveys, collecting, recording and interpreting data and preparing simple estimates of demand for products and services.
4. To prepare a Project Report.
5. To equip themselves with the knowledge and skills needed to plan and manage an enterprise through case studies, conducted and recorded by the students in different fields such as resource assessment, market dynamics, finance management, cost determination, calculation of profit and loss etc.
6. To instill important values and entrepreneurial discipline.

FORMAT

Any three:

Total Marks: 30

1. **Case Study**
2. **Learn to Earn**
3. **Exhibition**
4. **Visit and Report of a District Industries Center**

I. CASE STUDY

Procedure:

Instructions to students; X

- Select a business according to your interest.
- Identify your Role Model. (RM)
- Find a student of your stream with similar interest.
- Organize a meeting using references. (Respect their privacy; it can be with a prior appointment or use of networking skills).

Home Work:

Prepare 'snapshots' about your Role Model and details to help you in the process of conversation.

Example: his/her personal details, his/her business, family etc.

Questionnaire/ Question bank to be used by the student to seek details about the Role Model.

1. **Background:** Family; birth place; education; vision and ambitions in life
2. **Role Model:** Who and why? Did your option change with time? Give reasons.
3. **Experiences:** List the options available/thought of/tried and reasons for selecting the particular venture. Was it technical knowhow or hands on experience. What role did education play in the whole process? Is education more important than experience?
4. **Turning Point:** Road to success, cost of success. Having a mentor, his/her role in motivating when situations were against you.
5. **Achievements and Acknowledgements:** 1st achievement/mile stones.
6. **Changing Times:** Market and market trends; technology; environment factors (political, legal, socio cultural, economic). Business then and now. Local to global transformation; presence of competition; how to face competition. Plans for expansion: growth parameters; identifying the hurdles and finding solutions.
7. **Future:** Vision for the times to come; next generations
8. **Self-Actualization:** Contentment in life; giving back to the society (staff and labour welfare, environmental concerns).
9. **In Retrospect:** Three decisions you wish to change. Give reasons.
10. **Business Mantra:** What according to you is the reason for their success?
11. **Message to our Youth:** A few words of motivation for the young people.

Note to the teacher:

Choose a mixed group of entrepreneurs from different social and educational backgrounds. The chosen entrepreneur should be easily accessible, i.e., local entrepreneurs to be approached.
