STROKE VOLUME IS DEPENDENT ON VENOUS RETURN

Conceptual picture with caption relating to every chapter is given in this text book.

Chapter Outline

Presents a complete overview of the chapter

Learning Objectives:

Goals to transform the classroom processes into learner centric with a list of bench marks

Note:

Amazing facts, Rhetorical questions to lead students to biological inquiry

Additional inputs to content is provided

Activity

Directions are provided to students to conduct activities in order to explore, enrich the concept.

Infographics

Visual representation of the lesson to enrich learning .

HOW TO USE THE BOOK ?

Superfluous information about a personality or day to day life experience relating to the content

To motivate the students further to explore the content digitally and take them to virtual world

ICT

To enhance digital Science skills among students

Concept Map

Conceptual diagram that depicts relationships between concepts to enable students to learn the content schematically

Glossary

Explanation of scientific terms

Evaluation

Assess students to pause, think and check their understanding

Career corner

List of professions particular to that chapter
