

## **Congratulation on Passing an Examination**

Congratulation Dear Pardeep,

Quite overwhelmed with joy to hear that you have passed the Senior Secondary Examination from the CBSE in the First Division. It is a fine feeling to have reached this, momentous milestone. Now the golden gate of opportunities lies wide open before you.

Since you are interested in Music and have passed harmoniously through the matriculation and Senior Secondary Examinations, I hope you will sing melodiously through your undergraduate days. Do not forget to take music as one of your Main Subjects for graduation. It will be “open sesame” for you here as well as hereafter.

Permit Prem to add her voice to the chorus of congratulations that must be echoing in your ears from all sides. We are all proud of the way in which you have come through with flying colours.

Affectionately yours,

**Ravi**
