विज्ञापन आज के औद्योगिक युग में बहुत महत्ता रखते हैं — व्यापारी के नज़रिए से भी और आम जनता के दृष्टिकोण से भी । विज्ञापन व्यापारी के हाथ में एक पुर्जे के समान है जिसे वह अपनी चीज़ें बेचने के लिए इस्तेमाल करता है । वह लोगों को आकर्षित करने के लिए टी.वी. पर भी विज्ञापन देता है और अखबारों तथा पत्रिकाओं में भी अपनी वस्तु या सेवा की चर्चा करवाता है । लोग इन्हें देखकर आकर्षित हो ही जाते हैं और इस प्रकार व्यापारियों की अधिक बिक्री होने लगती है । अतः ऐसे पाते हैं व्यापारी विज्ञापनों से लाभ ।

Dolphins are regarded as the friendliest creatures in the sea and stories of them helping drowning sailors have been common since Roman times. The more we learn about dolphins, the more we realize that their society is more complex than people previously imagined. Some scientists have suggested that dolphins have a language but it is much more probable that they communicate with each other without needing words. It is also found that dolphins are very sensible. They look after other dolphins when they are ill, care for pregnant mothers, and protect the weakest in the community, as humans do.

**PART II**

- (a) Give the substance of the following poem in your own words in about 70 to 80 words :

4

I prayed for you before we met...  
Not knowing who you'd be,  
I asked the Lord to send a friend.  
One chosen just for me...

I asked that they'd be Godly,  
With wisdom of His ways.  
A friend to help and guide me  
In the troubles of these days...

So often in life, we need someone  
To listen while we talk.  
Someone who will not condemn or judge,  
But encourage us as we walk.

- (b) Write a summary of the following passage in about 60 words :

We believe that we can change the things around us in accordance with our desires — we believe it because otherwise we can see no favourable outcome. We do not think of the outcome which generally comes to pass and is also favourable : we do not succeed in changing things in accordance with our desires, but gradually our desires change. The situation that we hoped to change because it was intolerable becomes unimportant to us. We have failed to surmount the obstacle, as we were absolutely determined to do, but life has taken us round it, led us beyond it, and then if we turn round to gaze into the distance of the past, we can barely see it, so imperceptible has it become.
