

## **Write a Letter From Father to son who is irregular in Writing Letters, Family Letter**

**My Dear Suraj,**

What 's the matter with you? For the last two months you have not dropped in a line regarding your welfare. Your mother is very much. Worried, for God's sake, let me know of your health and welfare without further delay. If I fail to get a letter from you within a week, I am afraid, I'll have to come to you personally to find out the cause of your silence.

Hoping this will wake you up from slumbers and well fetch your reply by return of post.

Yours loving father,

**Raghu Nath**

**Reply to above**

**Respected father,**

Your kind letter to hand to my great pleasure. Please accept my thanks. I am sorry for not writing to you earlier. I' assure you that this will not be repeated in future.

If, sometimes, I am late in writing, please don't presume that anything is wrong with me.

Pay my best regards to mother and love to Sarita and Anita.

Yours affectionately,

**Inderjit Sharma**
