

10th Standard Third Language English-120 days (60 periods)

Note: 1. Number of teaching periods are taken as 60, as the portions will be completed by February (March and April months are not taken for calculation).

2. Since the working days are reduced to 120 days, 2 Prose(**Life in Banjarumale, Simpleton!**) 2 poetry(**The Tiger and the Deer, Plant Tree**) and 3 supplementary (**The Future is yours, Heroes for Today, The Peon Novelist**) units are dropped. Supplementary reading is an extended learning activity which inculcates reading habit in students. Hence supplementary reading topics are suggested for home assignment.

3. Since the number of working days is reduced for this academic year, the teaching periods for each unit are also reduced accordingly. Teachers should design/plan their classroom transaction/learning activities in such a manner that they should cover all the activities/exercises given in the Unit in order to achieve the desired/expected learning outcome.

4. The teaching periods allotted for each unit may vary according to the need of the class.

5. Dropped Units/Activities/Exercises should not be considered for Formative and Summative assessments.
