This is what Ibn Juzayy, who was deputed to write what Ibn Battuta dictated, said in his introduction:

A gracious direction was transmitted (by the ruler) that he (Ibn Battuta) should dictate an account of the cities which he had seen in his travel, and of the interesting events which had clung to his memory, and that he should speak of those whom he had met of the rulers of countries, of their-distinguished men of learning, and their pious saints. मैं जल ले जाने वाली हूँ:

कितनी भी ठंड हो

मुझे पानी में उतरना ही है

सज़ा के डर से

या ऊँचे घरानों की स्त्रियों के कट वाक्यों के डर से।

हे ब्राह्मण तुम्हें किसका डर है,

जिससे तुम जल में उतरते हो

(जबिक) तुम्हारे अंग ठंड से काँप रहे हैं ?

ब्राह्मण बोले :

मैं बुराई को रोकने के लिए अच्छाई कर रहा हूँ;

बूढ़ा या बच्चा

जिसने भी कुछ बुरा किया हो

जल में स्नान करके मुक्त हो जाता है।

This unique Buddhist text, part of the *Sutta Pitaka*, is a collection of verses composed by bhikkhunis. It provides an insight into women's social and spiritual experiences. Punna, a *dasi* or slave woman, went to the river each morning to fetch water for her master's household. There she would daily see a Brahmana performing bathing rituals. One morning she spoke to him. The following are verses composed by Punna, recording her conversation with the Brahmana:

I am a water carrier:

Even in the cold

I have always gone down to the water

frightened of punishment

Or the angry words of high class women.

So what are you afraid of Brahmana,

That makes you go down to the water

(Though) your limbs shake with the bitter cold?

The Brahmana replied:

I am doing good to prevent evil;

anyone young or old

who has done something bad

is freed by washing in water.

```
पुन्ना ने कहा:
      यह किसने कहा है
      कि पानी में नहाने से बुराई से मुक्ति मिलती है ?...
      वैसा हो तो सारे मेढक और कछुए स्वर्ग जाएँगे
      साथ में पानी के साँप और मगरमच्छ भी !
      (इसके बदले में) वे कर्म न करें
      जिनका डर

      हे ब्राह्मण, अब तो रुक जाओ !

5	The Head-Examiner must go through the first five answer books evaluated by each evaluator on the first day, to ensure that evaluation has been carried out as per the instructions given in the Marking Scheme. If there is any variation, the same should be zero after delibration and discussion. The remaining answer books meant for evaluation shall be given only after ensuring that there is no significant variation in the marking of individual evaluators.
6	Evaluators will mark ($\sqrt{\ }$) wherever answer is correct. For wrong answer CROSS 'X" be marked. Evaluators will not put right ($\sqrt{\ }$) while evaluating which gives an impression that answer is correct and no marks are awarded. This is most common mistake which evaluators are committing.
7	If a question has parts, please award marks on the right-hand side for each part. Marks awarded for different parts of the question should then be totaled up and written in the left-hand margin and encircled. This may be followed strictly.
