

## **Write a Letter to a Friend asking him to Lend you his Camera for a few Days, Friendly Letter Writing**

405, Sunder Vihar,

New Delhi,

July 30.....

**My Dear Monica,**

I may inform you that my cousin brother has arrived from Kanpur to pay a visit to us during the summer vacations. He is accompanied by my cousin sister who is a student of class VII. We have made a programme to visit Jaipur to see the places of historical and tourist interests, including the number of forts situated near Jaipur. We propose to cover this tour in a week's time. As you are aware, Rajasthan is very rich in its culture and heritage and also famous for its many arts and crafts. It will be of great interest if we take photographs of the historical monuments and other places for making our tour a memorable occasion.

You have a nice camera which was brought by your brother from the United States of America. You had shown me a number of snaps taken by you from this camera and these were really wonderful. I shall be thankful if you could lend me your camera to cover our tour of Rajasthan. I shall send you a copy each of the snaps taken by me. I am sending. My brother to you with this letter so that you may hand over the camera to him. I assure you that your camera will receive a very careful handling by me.

Please convey my regards to your parents and love to little Lalita.

Yours sincerely,

**Deepti**
