India is one of the most ancient civilizations in the world. It has achieved multi-faceted socio-economic progress during the last five decades. It has moved forward displaying remarkable progress in the field of agriculture, industry, technology, and overall economic development. India has also contributed significantly to the making of world history. India is a vast country. Lying entirely in the Northern hemisphere the mainland extends between latitudes  $8^{\circ}4'N$  and  $37^{\circ}6'N$  and longitudes  $68^{\circ}7'E$  and  $97^{\circ}25'E$ . The Tropic of Cancer divides the country into almost two equal parts. To the southeast and southwest of the mainland, lie the Andaman and Nicobar islands and the Lakshadweep islands in the Bay of Bengal and the Arabian Sea respectively.

36. **Read the following text carefully and answer the questions that follow:** [4]

The proportion of people below the poverty line is also not the same for all social groups and economic categories in India. Social groups, which are most vulnerable to poverty are Scheduled Caste and Scheduled Tribe households. Similarly, among the economic groups, the most vulnerable groups are the rural agricultural labour households and urban casual labour households. The average for people below the poverty line for all groups in India is 22. The double disadvantage of being a

landless casual wage labour household in the socially disadvantaged social groups of the scheduled caste or the scheduled tribe population highlights the seriousness of the problem. Some recent studies have shown that except for the scheduled tribe households, all the other three groups (i.e. scheduled castes, rural agricultural labourers and the urban casual labour households) have seen a decline in poverty in the 1990s. Apart from these social groups, there is also inequality of incomes within a family. In poor families all suffer, but some suffer more than others. In some cases, women, elderly people and female infants are denied equal access to resources available to the family.

- i. How are women, children, and the elderly the poorest of the poor? (1)
- ii. Which social and economic groups are the most vulnerable to poverty? (1)
- iii. How do inequities in income occur within a family? (2)
